

Attention Students!!

West High Science Boosters invites you to visit San Jose State and its College of Aeronautical Engineering. We will be getting information from San Jose States admissions office and touring the campus. Plus, we have arranged for a customized presentation and an inside look and their Aeronautical Engineering facilities. During our visit they will be demonstrating the Water and Wind Tunnels followed by a mini question and answer panel. The tour can accommodate up to 40 individuals, and the space is limited to students and parents only. Parents are encouraged to attend the tour with their students!

Sign-up is required and is available online, first-come, first-served. More details about the tour and a permission/release form are also available online.

Date: Tuesday, November 21, 2017

Time: We will meet at West High at 6:45 a.m., and return at approximately 4:00p.m.

Transportation: We will be carpooling. Adult drivers needed.

Cost: There is no charge for the tour. Bring cash for lunch and parking.

Please sign up no later than Tuesday, November 14 at:

WestHigh.ScienceBoosters.org

West High Science Boosters is a non-profit parent-teacher organization dedicated to the enhancement of WHS science education, and the preparation of the students to college and careers in science and engineering.
